

# SOLAR ECLIPSE, SOUTH GEORGIA & ANTARCTICA

15 days | from only USD **13,000** | Departure: 26 November 2021

**ALBATROS**  
EXPEDITIONS

December 4th, 2021, a total solar eclipse will run over the South Atlantic towards Antarctica. Albatros Expeditions will be in place exactly at the center of the eclipse umbra during our fantastic voyage to South Georgia and Antarctica, aboard our very own ship, Ocean Victory.

The eclipse begins early in the morning east of Falkland Islands. From here the moon shadow speeds south at 10,000 km per hour towards the South Orkney Island and Antarctica. Albatros Expeditions has selected the best possible observation position east of South Orkney, where the sun is 11 degrees above the horizon. This wondrous phenomenon will last for almost 2 minutes. The solar eclipse is just one out of several highlights of this 15-days once-in-a-lifetime voyage.

We follow in the path of the courageous explorer Sir Ernest Shackleton – just in the opposite direction: From Ushuaia to the wildlife paradise of South Georgia. From here to the eclipse path and onwards to South Shetland Islands and the Antarctic Peninsula. We will skirt the periphery of the Weddell Sea, birthplace of the mighty tabular icebergs, and cruise close to Shackleton's harsh winter-camp on the shore of Elephant Island.

The sub-Antarctic islands and Antarctic Peninsula are a nature photographer's paradise and we will attempt as many shore landings as possible per day, weather conditions permitting, bringing you close to Antarctica's beauty. During our days at sea, a variety of onboard edutainment activities, from lectures to workshops, wildlife spotting and eclipse photography, will be possible.

## ITINERARY

Day 1	Arrival and embarkation in Ushuaia
Day 2-4	At Sea towards South Georgia
Day 5-8	South Georgia and South Atlantic
Day 9	December 4th: Solar Eclipse east of South Orkney Islands
Day 10	At sea towards Antarctica
Day 11-12	Antarctic Peninsula and South Shetland Islands
Day 13-14	Re-crossing Drake towards Ushuaia
Day 15	Arrival in Ushuaia and disembarkation

## INCLUSIONS

- 15-day cruise with accommodation in a shared outside double cabin with private facilities
- Position on the solar eclipse centerline
- All Zodiac landings and excursions as per itinerary
